# 5 Series

## sleek

- Recessed design for minimal projection into pool interior.
- Pool cleaner friendly.
- Compact diameter.

## powerful

- Award winning Ceramic light engine giving maximum light output.

## Award winning Ceramic light Engine

### Model: 5 Series

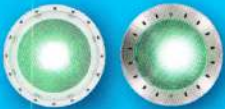

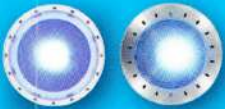

- Most efficient pool light on the market.
- LED life 70,000 hours approx.
- A unique combination of ceramic and L.E.D. technology allows for excellent heat dissipation resulting in maximum light output.
- Kind to the environment, operates on 70% less energy than a normal halogen light.

## innovative

- Unique electrical connections so power cable does not enter into light cavity eliminating possible sources of water entry.
- Slotted rim allows water to flow behind the light to eliminate stagnant water and also aids in cooling.
- Designed and manufactured in Australia.
- Rated to IPX 8.
- Detachable plug or detachment point for ease of servicing or retro fitting.
